

	<u>Cost Center/Div RC1</u>	<u>Division (w/in Cost Center)</u>	<u>Program</u>	<u>Billing Area</u>	<u>AX ID(Finance Only)</u>
<b><u>Purpose</u></b>	Assigned to a financially independent entity, bus venture, SOM Dept,	Assigned to unique and separate, financially independent business units within a larger entity	Created to track a patient population across Cost Centers, or to aggregate business activity that is not financially independent per the considerations outlined under Division	Assigned to a unique service location / EPIC Dept	To further segment or segregate financial activity
<b><u>Key Considerations</u></b>	New SOM Department, entity, Joint Venture, billing agreement	Expanded service line for an existing Department of a recognized spec/sub spec	Activity can be identified by a specific set of data points via an automated solution	Clearly defined clinical space	Required to support specific financial calculations including incentives, makewhole support, ect.
	Requires financial isolation	New multi-specialty, multi-location community-based practice requiring financial segregation (comp, assessments, profit/loss)	Infrequent analytical need		Where applicable and as requested, indicates provider type and can be associated with CB data.
		Activity can be identified by a specific set of data points via an automated solution			
<b><u>Review/Implementation</u></b>	UPI Data Stewards/ Data Governance Council	UPI Data Stewards	UPI Data Stewards	PA Applications	

\*Implementation timeline 30 days for new data structure requests- ***Prospective Only***
