Addendum to 2009 UPI Member, Associate and Affiliate Practice Agreements

In 2009 the members of UPI were required to sign an updated Member Practice Agreement which contains the phrase “This Agreement may be unilaterally amended from time to time by UPI”. The purpose of this Addendum to the Member Practice Agreement is to clarify that 1) any substantive rights and obligations of the member which are outlined in the UPI Bylaws and which are restated in the Member Practice Agreement may only be modified through a modification to the UPI Bylaws and not solely through a change to the Member Practice Agreement, and 2) modifications to the Member Practice Agreement that do not impact the members rights or obligations as outlined in the UPI Bylaws may only be modified through a majority vote of the UPI Board of Directors, as required by the UPI Bylaws.

Lilly Marks
UPI Executive Director
